Waiver fact sheet: Level One Waiver

The Level One waiver

The Level One waiver is a Medicaid waiver for people with developmental disabilities who meet certain eligibility requirements and need limited supports to live in their homes, rather than require them to live in an ICF-IID (Intermediate Care Facilities for Individuals with Intellectual Disabilities).

Who is eligible?

The Level One waiver is for people with developmental disabilities who:

* Require the level of care provided in an ICF-IID but who want to live in their family home, or in the community with friends/roommates.

* Meet the financial criteria of the Medicaid eligibility criteria as determined by Butler County Job and Family Services.

What services are covered?

* Staff for daily living support, skills training and transportation to appointments.

* Staff for respite or supervision in absence of caregiver.

* Adult day supports, including vocational habilitation programs and staff supports on jobs in the community.

* Transportation to employment or day programs.

* Environmental adaptations or special equipment for accessibility.

* Personal response systems or remote monitoring services in place of direct staff supervision

Level of staff supports is determined by the type of waiver a person has and based on assessed need.

What services are not covered?
